PROJECTS

NOMNOMFOODS | *React food delivery application*   Live | Code
- Streamlined state management processes and revamped UI design, leading to a 20% decrease in loading times and a 15% boost in overall app responsiveness.
- Implemented scalable architecture, orchestrated a framework conducive to scalability and maintenance, reducing system downtime's by 30% and enabling seamless third-party integration's.
- Utilized Jest for comprehensive testing, ensured robust code quality and close to 100% code coverage through rigorous testing, showcasing a commitment to excellence.
- Implemented shimmer effect, chunking and Single Responsibility Principle to enhance user experience

GAMERADAR HUB | *React Game Catalog*   Live | Code
- Developed a React-based game detail site development, integrating Redux, React-Router, Styled Components, and Framer Motion.
- Drove 30% user engagement surge via seamless API integration for comprehensive game access.
- Trimmed development time by 40% through navigation optimization and visual enhancements.

EXPERIENCE

Easework AI   June 2024 – Present
Frontend Engineer
- Developed and maintained multiple projects utilizing Streamlit, React, and FastAPI, demonstrating proficiency in both frontend and backend technologies
- Collaborated with cross-functional teams to design and implement user-friendly interfaces, ensuring seamless integration between frontend components and backend services

UI/UX Developer
- Led UI/UX improvements across several key products, enhancing user satisfaction and decreasing bounce rates through intuitive design and streamlined user flows.
- Optimized responsive designs for various devices, increasing mobile user retention and improving cross-platform consistency.

Motioncut   Feb 2024 – April 2024
Web Developer Intern
- Spearheaded the development of 4 major frontend projects, to deliver responsive and user-centric web applications.
- Optimized website performance and load times across all projects, enhancing overall user experience and engagement.

EDUCATION

Galgotias University   Greater Noida, India
Bachelor of Computer Science & Engineering   *82.8%*

Sacred Heart School   Lucknow, India
Senior Secondary School   *83.4%*

TECHNICAL SKILLS

Languages: C/C++, SQL (MongoDB), JavaScript, HTML/CSS
Frameworks: React, Node.js, Material-UI, Jest, jQuery
Developer Tools: Git, VS Code
Libraries: Redux, GSAP

ACHIEVEMENTS

NCC 'C' Certificate Holder
Achieved NCC 'C' certificate

Dextrix 3.0 under TOP 10
Listed under Top 10 teams out of 300+
